§ 101-45.1004-2 Use of DOD-recovered fine precious metals.

To determine the need for recovered fine precious metals as GFM to reduce new procurement costs, each agency shall review procurements for which fine precious metals will be required by a contractor. Each agency having requirements for recovered fine precious metals as GFM or for other authorized internal uses should submit a request to the Commander, Defense Industrial Supply Center (DISC), Attention: DISC-OIBA/YC, 700 Robbins Avenue, Philadelphia, Pennsylvania 19111-5096. Recovered fine precious metals will be provided to agencies for use as GFM or for other authorized internal uses on a "as-needed-when-available" basis. There is a nominal charge for the recovered fine precious metals. Normally, the amount of recovered fine precious metals authorized for issue to individual civil agencies will not be restricted, except in those instances when the precious metals involved are not available in sufficient quantities to satisfy all requirements. No minimum ordering quantity is prescribed. Requiring activities should contact DISC to assure asset availability prior to the

requisitioning of any quantity of precious metal other than silver. Advance inquiries for silver should be made only when requirements exceed 5,000 troy ounces.
